

ISC Covid-19 Vaccination Affirmation Form

The Indianapolis Symphonic Choir has adopted the following COVID-19 policy for the upcoming season:

All those wishing to participate in the Indianapolis Symphonic Choir, including singers, volunteers and staff, must be fully vaccinated. "Fully vaccinated" is defined as having received the full course of vaccine (one or two doses, depending on manufacturer) at least 10 days prior to the start of rehearsals.

As an additional safety measure, individual temperature checks will be conducted as singers enter rehearsal/performance venues.

By signing this document, I affirm that I am/will be in compliance with the above stated policy.

Date

Printed Name

This policy was adopted as a direct result of guidance from the CDC which classifies indoor un-masked choral singing by fully vaccinated participants as a safe activity. We reserve the right to adjust, change, or add/take away requirements in the event of any new information or guidance in the future.
